

DIT investment series

An update on the UK immigration rules for business

Invitation

*Please join us for a breakfast seminar in the 'DIT Investment Series', with **Sir Philip Rutnam, Permanent Secretary for the Home Office**, about recent and upcoming changes in the UK's immigration rules and how these may impact foreign businesses, start-ups and investors planning to set up or expand their business in the UK.*

Last month the government announced two new visa routes for skilled business people; the Start-up visa route and the Innovator visa route. Hear from the Home Office's Permanent Secretary how the UK government aims to continue to welcome foreign investors and attract leading talent from around the world, while keeping the UK safe and controlling immigration. Speakers from UK Visas and Immigration and Smith Stone Walters will also offer practical advice on how to apply for visas and will share examples of how other companies have successfully hired people in their UK businesses.

If you are not available to join the event, but would like to send a colleague instead, please feel free to forward the invitation.

Looking forward to seeing you on the 7th!
